

'Listen! A Sower went out to sow.'

Parable of the Sower
(Mark 4: 1-8)

The man represents God and the seed is His message.

Like 'The Sower', we represent a cohesive team which is totally focussed on 'growing' the children's happiness, well-being and education.

The cultivated **soil** provides the conditions for lifelong learning through nurturing all abilities, enabling pupils to fulfil their potential.

The **seeds** are diverse recognising we are all individual creations. We welcome families of all faiths and none, celebrate diversity, and all individuals are valued.

The seeds are **sown** widely providing room for all to flourish. We nurture lifelong learning and actively encourage this within the community and beyond.

We care passionately about our environment, protecting God's creation and all the decisions we make are made with that in mind.
