22nd January 2026

Dear Parents/Carers

Following our recent children's online safety survey, we would like to remind parents and children that the minimum age for using WhatsApp is 13.

WhatsApp is a chat application which can be used on a mobile phone or tablet, it lets you send messages, images and videos to friends. You can have one to one and group conversations.

We urge all parents to keep an eye on their child's mobile phone or online activities involving social media. The children are regularly reminded that they must tell a parent / adult if they receive anything inappropriate from any application.

As a school, we strongly advise you to remove the chat groups involving other children as this can cause issues in and outside of school.

Please follow the link below that will take you to a presentation giving useful information regarding online safety:
