27th January 2025

Dear Parents,

We are delighted to introduce our new school website:

<https://www.lovingtonprimary.co.uk/>

Our goal is to provide a platform that serves as a window into everything that happens at Lovington Primary School. Through this website, we aim to showcase our vision, values, and the vibrant life of the school to you and the wider community.

The curriculum pages for each subject provide detailed information about our intent, implementation and impact. Each class has its own dedicated page featuring photo galleries, curriculum newsletters, and knowledge organisers.

Our pupil pages highlight reports and reviews written by the children. The reading page features pupil book reviews, whilst the learning pages offer full descriptions about all the wonderful activities happening across our lovely school. We have also included information showcasing the wide range of enrichment opportunities, information about wellbeing support as well as a parent page detailing key information.

You'll find a wealth of information throughout the site, including a clear and regularly updated calendar of events. This will enable us, to keep you fully informed about all the activities and events we have planned.

We hope you enjoy exploring the website and find it both informative and inspiring as it shows you all that we are achieving in our wonderful school, not to mention the fabulous new photos - that truly bring our school to life!

For the best experience, we recommend viewing the website on a computer.

With warm regards

Emma Marshall

Mrs Emma Marshall
