Friday 16<sup>th</sup> May 2025

Dear Parents and Carers,

As the Computing and Online Safety Lead at Lovington, I would like to invite you to an important **Online Safety Workshop** designed specifically for parents and carers. The workshop will take place on **Thursday 22nd May at 3.30pm** in the school hall.

In today's digital world, it's more important than ever that we work together to help our children stay safe online. This session will cover key topics such as:

- Understanding social media and gaming platforms
- Managing screen time and setting parental controls
- Recognising online risks, including cyberbullying and inappropriate content
- Encouraging healthy digital habits at home
- Our school online safety curriculum

There will also be an opportunity to ask questions about your child's online activity. Should you have something specific you wish for me to cover during the workshop, please do let the office know via email.

I strongly encourage you to attend, as building a safe and supportive digital environment for every child is a shared responsibility. Your participation and engagement will make a real difference.

Please confirm your attendance via Parentmail by **Tuesday 20th May**.

Thank you for your continued support.

With Gratitude,

**Mrs Small**

Computing and Online Safety Lead
